

Dear _____

Thank you for your interest and intention to attend our Conference

Modern Problems of Mechanics and Mathematics,

dedicated to 85-th birth anniversary
of **Yaroslav Stepanovych Pidstryhach**,
Academician of NASU and 40-anniversary of the
scientific institution for mechanics and
mathematics, founded by him.

May 21 – 25, 2013 the International Conference on
Modern Problems of Mechanics and Mathematics
will be held in Ya.S. Pidstryhach Institute for Applied
Problems of Mechanics and Mathematics of NASU
and Ivan Franko National University, L'viv.

Discussing modern achievements in the field of
mechanics and mathematics, in particular, related
closely to the research activities of Ya.S. Pidstryhach,
makes the objective of the Conference.

It is expected that over 400 scientists actively
working in different branches of mechanics and
mathematics, will participate in the Conference.

The Conference will finish its work on **May 25, 2013**, the day when 85 years passes since the birth of **Yaroslav Stepanovych Pidstryhach**, a prominent scientist in the branch of mechanics of deformable bodies and applied mathematics, Academician of NASU.

His name will be always associated with achievements in thermodynamics of non-equilibrium processes, thermomechanics, mechanothermodiffusion, magnetohermomechanics of electroconducting bodies, hydroacoustics, and mechanics of bodies with coatings and surface phenomena and other directions of modern mechanics.

Ya.S. Pidstryhach worked also on the urgent mathematical problems of mechanics, applied mathematics and other overlapping sciences. He sought for new forms of collaboration between science and industry.
