

Dear _____

Thank you for your interest and intention to attend our Conference

International Conference on Modern Problems of Mechanics and Mathematics,

dedicated to 80-th birth anniversary of
Yaroslav Stepanovych Pidstryhach,

Academician of NASU and

30-anniversary of the Institute for Applied Problems of Mechanics and Mathematics NASU, founded by him.

On **May 25 – 29, 2008** the International Conference on Modern Problems of Mechanics and Mathematics will be held in L'viv on the basis of Pidstryhach Institute for Applied Problems of Mechanics and Mathematics and Franko National University of L'viv.

Discussing modern achievements in the field of mechanics and mathematics, in particular, related closely to the research activities of **Ya.S. Pidstryhach**, makes the objective of the Conference.

It is expected that over 400 scientists actively working in different branches of mechanics and mathematics, will participate in the Conference.

The Conference starts its work on **May 25, 2008**, the day when 80 years passes since the birth of **Yaroslav Stepanovych Pidstryhach**, a prominent scientist in the branch of mechanics of deformable bodies, State prize winner and Honored Scientist of Ukraine, Academician of NASU.

He devoted his life to science and his name will always be associated with achievements in thermodynamics of non-equilibrium processes, thermomechanics, mechanothermodiffusion,

magnetothermomechanics of electroconducting bodies, hydroacoustics, mechanics and bodies with coatings and surface phenomena and other directions of modern mechanics.

Ya.S. Pidstryhach worked also on the urgent mathematical problems of mechanics, applied mathematics and other overlapping sciences. He sought for new forms of collaboration between science and industry.
