## CONTENTS

<i>Plachta L. P.</i> $S$ -graphs and braid index of links . . . . .	7
<i>Storozh O. G.</i> Resolvent comparability of maximal dissipative extensions of symmetric operator having an arbitrary deficiency index . . . . .	17
<i>Fedorchuk V. M., Fedorchuk V. I.</i> On equivalence of functional bases of differential invariants of nonconjugated subgroups of local Lie groups of point transformations . . . . .	23
<i>Antonova T. M., Sus' O. M.</i> On one of figured convergence criterion for two-dimensional continued fractions with complex elements . . . . .	28
<i>Portnyagin D. V.</i> Estimates of weak solutions to nondiagonal parabolic system of two equations . . . . .	36
<i>Savenko P. O., Protsakh L. P.</i> Methods of implicit functions for the solution of the two-parameter linear spectral problems . . . . .	42
<i>Batyrev A. A.</i> Mathematical models based on singular integral equations with non-Carleman shift. Solvability analysis and numerical methods of solution . . . . .	50
<i>Burak Ya. Yo., Moroz H. I., Boyko Z. V.</i> On energetic approach and thermodynamic foundations of variational formulation of thermomechanics boundary-value problems with taking into account near-surface phenomena . . . . .	55
<i>Prokopovych I. B.</i> About deformable solid state function dependence on rotation measure . . . . .	66
<i>Ostrik V. I., Ulitko A. F.</i> On one property of solution of elasticity theory problems for two half-spaces or half-planes . . . . .	72
	1

<i>Kozinov S. V., Loboda V. V.</i> Periodic set of electrically permeable interface cracks between two piezoelectric materials .....	81
<i>Loveykin A. V.</i> Equilibrium of incompressible half-space weakened by the internal symmetrical V-shaped crack with vertex which lies on the surface ..	92
<i>Dovbnya K. M., Gordienko N. N.</i> Study of strength of elastoplastic orthotropic shell of arbitrary curvature with surface crack .....	103
<i>Varvaretska G. A., Popov V. G.</i> Interaction of harmonic torsion wave with ring-shaped defects in elastic body .....	109
<i>Avramov K. V.</i> Nonlinear vibrations of circular plates with cuts. <i>R</i> -function method .....	118
<i>Shopa T. V.</i> Investigation of frequencies of natural vibrations of transversally-isotropic cylindrical panel with circular hole .....	128
<i>Avramenko L. Ye., Shevchenko V. P.</i> Thermoelasticity of orthotropic shells under moving concentrated source of heat .....	138
<i>Chekurin V. F., Senkiv L. M.</i> Residual stresses in orthotropic cylindrical shell due to linear incompatibility of strains .....	152
<i>Maksymuk O. V., Stashchuk M. G., Dorosh M. I.</i> Calculation of parameters of honeycomb polymer pipeline, supported by periodical system of elastic ribs .....	157
<i>Voronianskaya M. Ye., Maksymenko-Sheyko K. V., Sheyko T. I.</i> Mathematical modeling of heat conduction processes for structural elements of nuclear plants by <i>R</i> -functions method .....	166
